The Villager

Vol 1 No 10 | The Villager | June 10, 1966
Page 1 | DuPont, Washington

FLAG DAY, USA - 1966

To the Flag of the United States of America;-

No living person has the ability to express in words a fitting tribute to you. You are Washington. You are Jefferson. You are Franklin, John Paul Jones and Lincoln. You are the Declaration of Independence and the Constitution.

You are Valley Forge, Gettysburg, Chateau Thierry, Bataan, Guadalcanal and Tarawa. You are Iwo Jima and the Beachheads of Normandy. You are Korea and Viet Nam.

You are Independance Hall, and the Statue of Liberty. You are Liberty, Equality and Justice.

You are the East and the West, the North and the South. You are America. You are the only Beacon of Light that shines in the World today.

Old Glory - I speak for all of the people of this town when I say — We stand behind you and beside you in our undying devotion to you and to what you represent. To you again we pledge our Loyalty and Support. We honor you and respect you, and we want you with us forever.

"Hats off! Along the street there comes
A blare of bugles, a ruffle of drums;
And loyal hearts are beating high:
Hats off! The Flag is passing by!"

From "The Flag Goes By" by Henry H. Bennett

GOD BLESS AMERICA

Flag Day is celebrated on June 14 in memory of the day in 1777 when the Continental Congress adopted the Stars and Stripes as the official flag of the United States. Flag Day is not an official holiday, but the President proclaims a public observance every year.

On Flag Day, people in the United States display the Flag on their homes, businesses, and public buildings. Many patriotic organizations hold parades and other Flag Day demonstrations. President Woodrow Wilson established Flag Day as an annual national celebration in his proclamation issued on May 30, 1916

FLY YOUR FLAG JUNE 14

We were pleased to note the response to our suggestion to display the Flag on Memorial Day. Let's do even better on Flag Day, and show that we are proud of being Americans.

From the Editor's Desk = =

Last Tuesday Ye Editor was very pleasantly surprised by the members of the Garden Club. We have long had a need for a desk as a base for The Villager. The old card table we have used all this time had served out its time for other things, and was hardly stable enough for the heavy work load imposed upon it. The other members of the Staff had recognized the need, and through their suggestion, a committee was appointed to do something about it. The result is a very beautiful desk, that fits the area provided for it perfectly, a blue plumed feather pen (the proverbial blue pencil) a beautiful name plate for the desk, a plaque with the signatures of all members present, and even the traditional eye shade.

Our Editorial hat is off to the loyal members of the Garden Club. They have accomplished so many things of value in this town, that they have rooted themselves into the heart of the Community. They are responsible for the hanging baskets, the Scholarship that is given each year, the planting of the planter box at the Church. the school planter, the new dogwood tree in the town park, the sponsorship of The Villager, the local telephone book, the March of Dimes, the Girl Scouts, the Christmas Scene for the Town Park, the Christmas Home Decoration Contest .... Altogether a very ambitious program. The Officers are to be commended for their vision and efforts.

GARDEN CLUB PICNIC.

Despite gray skies and a chill wind, Tuesday's Garden Club picnic was well attended and enjoyed. A menu of baked beans, fried chicken, numerous salads, home made brown bread and dill bread, and many varieties of cakes, pies and and brownies were stowed away with great relish by all members and guests.

The only business on hand besides eating was the planting of a dogwood tree in the Town Hall Park in celebration of Arbor Day. Mayor Robinson and Garden Club President, Wanda Jensen, turned the first shovel of earth, and placed a bottle with a list of all members of the Club to note the event, at the base of the planted tree. This was followed by a ceremony honoring the Editor of this paper. Everyone agreed that the food, as usual, was most delicious, and that they will be looking forward to next years picnic. Three beautiful floral arrangements made by Doris Goldsmith were won by Marie Bonner, Pat Balcerak and Nancy Smith.

The Pastor Ponders = =

by Grenville A. Daun

Now that another year of school is over for most of us, we are probably thinking of all kinds of activities: Fishing, Swimming, Working hard to make money for school in the Fall, or planning the family vacation trip.

One of the characteristics of summer activities is the self-centeredness of them. Do we not usually say, "Well, I want to go to the Beach!" "Oh do we have to visit Aunt Ruth? I don't have any fun there!"

Of course there is nothing wrong with expressing one's genuine feelings. As a matter of fact we do damage to ourselves and others if we repress them.

I'm wondering, however. if some of us might make the happy discovery that thinking of how much joy we bring to Aunt Ruth will be an incentive for us to go where we will add joy to another's drab life. In so doing we will reap joy we had not known existed.

Let's live for others this summer.

WOMEN'S ASSOCIATION PICNIC.

The Women's Association of the Presbyterian Church held their annual picnic at Wapato Lake, Wednesday, June 1st with 16 members present. A variety of delicious food was served, and the ducks from the lake added to the amusement of the ladies. The members dedicated their sewing to the World Service Organization. This year's project includes 2 pairs of pajamas that go to a Philippine Orphanage, and a quilt for a hospital.

THWARTED REPORTER

DuPont Company's recent Disaster Drill proved that the security is effective. Richard Jensen was assigned the job of reporter for The Villager to obtain any news he could find. He didn't get beyond the gate. It takes practice, Richard. Next time take a few lessons from our Pola and Marie.

Injured.

Mrs Dale Wyant suffered a fall in her home Tuesday evening. She is presently in Tacoma General Hospital, but is expected to return home shortly.

* * * * * * * *

Word has been received that Frak Kuhn, a former DuPonter, now residing in Tillicum, is seriously ill in a local Hospital.

# # # # # # # #

Vacation Begins June 10

Now that School is out for the summer motorists are reminded to drive with extra caution on our town streets, especially in the vicinity of the playgrounds. Parents should also remember to teach their youngsters not to take unnecessary chances.

T. V. Appearance.

It was a pleasant experience to see our local members of the Los Conquistadores on T. V. 11's Quest last week. Henry Winther June Schoch, and her sons Bob and David, were extremely attractive in living color. How about advising The Villager the next time so that everyone can share the pleasure?

* * * * * * * * *

M/Sgt and Mrs Robert L. Rieck of 210 Brandywine, received word two weeks ago that their son Robin, who is a sophomore at Case Institute of Technology in Cleveland, Ohio, was working in a laboratory after school hours. He had finished his project, and was cleaning up the lab when something mysteriously exploded, blowing his foot off. At this date the cause of the explosion is still a mystery. There were no other injuries of any consequence, although others were working in the room. There was also very little damage to the Lab. Robin came home last Tuesday, and is doing very well.

Granddaughter Weds.

Toni Townsend's marriage to Lt Michael Determan was solemnized at Mass, May 21 at Sacred Heart Church in Lacey. Toni is the daughter of Mr and Mrs Floyd Townsend of Hicks Lake, and the Granddaughter of Mrs Lee Townsend, 411 Barksdale Ave. DuPont. The Newlyweds are living in Columbus, Ga. where the groom is stationed at Fort Benning with the U. S. Army.

Seen About Town.

Did you ever see a garbage truck with a billow of smoke pouring out from it? It happened this week here in town. Some one evidently put some burning material into the garbage can, or perhaps some other combustible material. It is a very dangerous habit to develop, as it could cause a major fire.

Bees = Bees

Larry Balcerak reports that he has noted many swarms of bees under eaves of porches as he makes his daily delivery. He suggests you check your porch before you find yourself the victim of bee stings. Just a word of friendly advice from your friendly T N T paper boy.

Graduation Exercises are now a memory for the Class of 1966. The services were attended by a packed house of parents and friends.

The Villager feels that the Scholarship Awards are worthy of mention, as they all represent a great deal of study, and are valuable: over $16,000 worth of future education was offered these students last Friday night.

Ballet Company to Return

If you missed the performance of Jo Emery's Ballet Company at Mt Tahoma High School, be sure to see it when it will be featured at Lakes Summer Festival, June 29 through July 4th, Player's Theatre. It is a most delightful and entertaining group.

What to do in case of Fire.

Notify the occupants of the house. Go to the nearest Alarm Box (locations are listed in the DuPont Telephone Directory). Turn in the alarm. Then go to the nearest telephone and dial Ju 4-4846 - This is the Fire Station number. Remember that there is no one on duty at the station, so stay on the phone until a volunteer fireman answers. This procedure will speed up our response from 5 to 10 minutes and will be greatly appreciated by all concerned.

I would like once again to send out an SOS to the volunteers, who think of the Fire Department once in a while, but never show up for drills. We need your help. If you're too old to participate in our drills, at least stop by and say howdy to us young fellers.

Myron Smith.

From the President of the Garden Club.

The Officers of the Garden Club wish to thank Pete Westby, By Foreman and Richard Andre for making the name plate for our Editor; and to our Honorary Member, Myron Smith, for all the good deeds he does for us. He carries tables, hanging baskets, and any other task we ask him to do. His strong arm and willing spirit are much appreciated.

This has been a wonderful year at Garden Club, but without the help of all the Committee Chairmen, the Vice President, the Secretary and Treasurer, this would not be so.

My thanks to all of you, and we'll see you back at the Garden Club next year. 1967 promises to be an interesting year.

Wanda Jensen

+ + + + + + + +

With picnic time here again - here is a quick easy way to fry chicken.
Roll the pieces of chicken in flour that is seasoned with salt, pepper and paprika. Then dip them in a bowl of salad oil. Allow them to drain a short while, then bake in a flat pan in a 400 oven for one hour. That's all

Some people get lost in thought because it is unfamiliar territory.

# # # # # #

Steve Powell is our new P.J. delivery boy. Steve is 14 and has had about three years experience in delivering papers. David Schinnell, who has been so faithful on this early morning job, will be working at something else this summer.

A Visitor in Town.

Mr and Mrs Walter Buhre (Thora Westby) entertained at a Pot Luck dinner for their House Guest, Mr C. C. Barnes, former Pastor of the DuPont Church, at their home - 7612 South Pine, last Friday night. Fourteen of his friends were there, and spent a pleasant evening. Saturday Mr Barnes spent the day in DuPont, meeting with old friends, some of whom he had not seen since 1937. Father Time has treated Mr Barnes very well and he was warmly greeted here. His son Bill Barnes, came for him in the evening, and took him to Seattle where Bill is presently employed by Boeing. Bill's wife and twin daughters will follow him here after school closes in Colorado Springs. Bill recently retired from the Air Corps with the rank of Colonel.

* * * * * * *

M/Sgt Robert Rieck pf 210 Brandywine retired May 31st after 20 years of military service. His future plans are indefinite at present.

Jack Heuertz is so much improved that Mrs Heuertz is hoping to have him home soon, possibly this week end.
